President's Report

Hello Everyone!

The end of June and the beginning of July! Wow! Our theatre has been closed for 15 weeks which I feel is certainly 15 weeks too long.

Unfortunately I fear we will be closed for some more weeks to come but that shouldn't stop everyone thinking of what they would like to see and do when we reopen, or what they can do to help get the theatre ready for reopening.

We have a provisional programme of plays/musicals/pantomimes ready to go whenever we can open. So prepare to be entertained. Meanwhile there are experiences going on which Luke is organising while we can't meet face to face - so read thru your Stage Whisper for details.

The theatre is not completely dormant. Some works are being carried out as the building has to be maintained so I am thankful to those people who are working on various parts, social distancing of course at the same time.

Before I close, I have to report sadly on the news of the passing of a member, David Vince. Our condolences have been sent to his partner.

I have had a couple of suggestions in connection with raising money for the recovering of the roof. Please everyone - I'm sure there are lots of you out there full of ideas. Please share them with me.

Till next month keep well, stay safe, Be careful even though some restrictions are lifting.

Poet's Corner

This might not mean much to non IOW friends, but it is based on well known post cards about the seven wonders of the IOW,

Steve Taverner

EIGHT WONDERS OF IOW

Newtown which is very old, Freshwater you can't drink,

Ryde where you can walk, you've all seen the cards I think.

Lake where there's no water, needles you can't thread,

These are the seven wonders of the Isle of Wight, it's said.

Newport you can't bottle, that brings us up to six,

Cowes you cannot milk , that completes the humorous mix.

But now there's an eighth wonder that I'm keen for you to note,

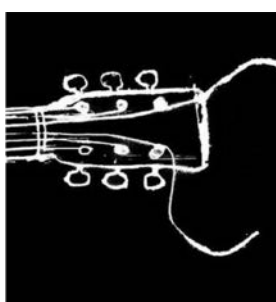

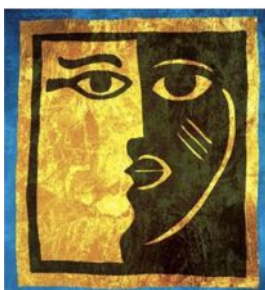

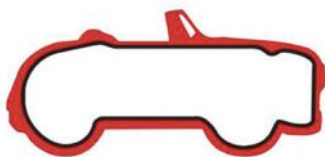

What about a floating bridge which cannot seem to float?
